INTRODUCTION

IN presenting to our patrons our CLASSIFIED BUSINESS DIRECTORY, embracing most of the Cities and larger Towns of the Province of Ontario, we would wish to call your attention to the fact that in compiling a work like this it is very difficult to place each name under the proper headings to which his business requires it, so if you, in looking up a name cannot find it under the class you think of at first, just look under some other heading and you will be sure to find it. We have endeavoured to make the work as complete as possible, and hope it will be found indispensible in every office and counting-house in the Province.

Yours truly,

ONTARIO DIRECTORY CO.,

F. W. ROBARTS, MANAGER.

MINERAL WATERS.

SAUGEEN MINERAL WATER CO., LIMITED, THE, Carey & Creighton, proprietors, High street (see advertisement).

It is not thoroughly understood by the public that this now famous water flows from a spring which is fifteen hundred feet deep, and is conveyed into the bottle just as it flows from the earth.

It does not come in contact with the air and could not possibly contain any microbe, so that no mineral water in any country in the world could possibly be any more pure than Saugeen Mineral Water.

This water is an extraordinary fine article for Dyspepsia and Kidney Trouble and will blend beautifully with liquors, wines and milk.

Sold at all first class hotels and liquor stores and at the Springs.
